Day 1 – “The Scroll Stopper”

Hook: What if your next digital product was already halfway done... sitting in a dusty PLR folder?

Value: PLR (Private Label Rights) is one of the fastest ways to create and sell digital products — but only *if* you know how to repurpose it right.

✅ AI + PLR = fast, profitable digital offers
✅ You don’t need to start from scratch
✅ Free tools + a repeatable system = launch-ready in days

CTA: Want the exact blueprint I use to turn unused PLR into sellable digital products (in under 48 hours)?

Day 2 – “PLR Truth Bomb”

Hook: PLR isn’t magic. It’s raw material.

What you *do* with it is where the real magic happens.

Value: Here’s the PLR workflow I use every time:

1. Use AI (like ChatGPT) to rebrand + rewrite
2. Plug content into lead magnets, tripwires, or eBooks
3. Package it using free tools (Canva, Google Docs, Systeme.io)
4. Launch in 1–2 days

Most people hoard PLR. I turn it into income.

You can too — with the right system.

CTA: The **AI-PLR Profit Starter Pack** walks you through the entire process — with templates, prompts, and done-for-you tools.

Day 3 – "Free Game: Here's an AI Prompt"

Hook: 💬 Try this ChatGPT prompt to transform any PLR into a fresh mini-course:

> "Turn this article into a 3-part email series that teaches a clear outcome.
> Make it benefit-focused and add call-to-actions."

Value: Prompts like this help you unlock *way more* value from your PLR content.

Just one article = email series, lead magnet, video script, social carousel, checklist… you name it.

CTA: Want 100+ done-for-you AI rewrite prompts just like this?

🎁 They're included in the **AI-PLR Profit Starter Pack** → [insert link]

Day 4 – "PLR Myth Busted"

Hook: "PLR is low quality and everyone's using the same stuff…"

👆 Only true if you leave it untouched.

Value: PLR is *starting content*.

Use AI to reword it.
Use Canva to rebrand it.
Use your voice to make it yours.

👉 Your audience doesn't care where it came from — they care if it helps them.

CTA: I'll show you how to turn *any* PLR into something fresh, branded, and profitable inside the **AI-PLR Profit Starter Pack.**

Hook: Low-ticket digital products are the gateway drug to passive income 💸

Value: Want to launch something *fast*? Create a micro product:

✅ 1,000–3,000 words
✅ Solve one small problem
✅ Built from PLR
✅ Rewritten using AI
✅ Priced at $7–$27

That’s exactly what I teach inside the Starter Pack — along with DFY templates and prompts to speed it up.

Build, launch, repeat. Simple.

Day 6 – “Free Tools > Fancy Tools”

Hook: You don’t need fancy tools to launch a product.

You just need a system.

Value: Here’s what I use to launch full offers from PLR — all 100% free:

🧰 Canva — eCovers + graphics
🧰 Systeme.io — opt-ins, tripwires, email funnels
🧰 Google Docs — edits + delivery
🧰 ChatGPT — rewrite + rebrand content
🧰 AI-PLR Profit Starter Pack — the full system 😉

If tech’s been stopping you, it doesn’t have to anymore.

Day 7 – “You Don’t Need More Content…”

Hook: You don’t need more content.

You need a way to *use* what you’ve already got.

Value: If you’ve got PLR collecting dust... you’ve already got the *start* of a product.

Let’s:

✔ Rewrite it
✔ Repackage it
✔ Relaunch it
✔ Repeat it

And let’s do it with a proven system — that takes the guesswork out of it.

CTA: The **AI-PLR Profit Starter Pack** gives you the tools, templates, and prompts to launch faster and smarter.
